

TERMS OF ONE DAY MEMBERSHIP FOR EVENT ORGANISERS

One day membership (ODM) is a means by which participants who are not annual members of the sport contribute to the costs of running the sport of Triathlon. It also ensures they are covered by an appropriate level of insurance while they are participating in events.

The ODM that is payable on entry to events is determined on the basis of the distance of the race. Unless otherwise agreed, the ODM is to be collected as part of the event entry process by the event organiser. Please see below for the explanation of the charge required as part of the event entry.

Any race which has been included on a sanctioning application is required to collect ODM's from participants. Event organisers are required to and responsible for the remit of all ODM's within 14 days of the event taking place. **Failure to do so may impact the future sanctioning of the race.**

The categories and associated fees are listed on the online sanctioning system as;

ODM Category	ODM Fee
Kids	\$1.00
Enticer Distance	\$1.50
Sprint Distance	\$5.00
Standard Distance	\$15.00
Long Distance	\$20.00
Iron Distance	\$25.00

The ODM fees apply to all participants who are not current Triathlon Australia annual members and all international participants competing in Australia who are also not current annual members of Triathlon Australia.

As events can contain multiple races, the event organiser is required to select the most appropriate ODM category and associated fee for each race.

TERMS OF ONE DAY MEMBERSHIP FOR EVENT ORGANISERS

Category Description and Distance Classification for Triathlons

The following category descriptions and distance classifications are to provide guidance to event organisers as to the most appropriate ODM category and fee they should collect from participants who are **not** annual members of Triathlon Australia.

After these there is also a series of distance classification tables which cover other types of events sanctioned by Triathlon Australia, including duathlon, paddle and aquathlon.

When referring to the guidelines a tolerance is given for the cycle and run portion of events. One of these distances (cycle **or** run) can be permitted up to 10% above the distance stated. If either the cycle **or** run distance is **more than 10%** of the stated distance (as set out in the below descriptions) then the next level of ODM is to be applied and collected.

It is the event organiser's responsibility to ensure they collect the correct category **and** number of ODMs.

Please note: All distances are subject to verification in the sanctioning process and by the technical delegate appointed to the event. The number of ODMs to be collected can be checked against the results of the race, Triathlon Australia routinely perform checks against all events.

Kids

Category Description

Any race deemed for Kids is required to be of a non-competitive nature. These races are intended for children who are 11 years of age or younger as at the 31 December in the competition season. EG: the 2016-2017 season age is taken at 31st December 2016.

A race which includes over 11 year olds can also be classified as a "Kids" race providing it is **untimed** and designed to introduce children to the sport. Races which are **timed** or **placings** are given, are not eligible for this category and should be classified according to the distance of the race below.

Distance Classification

The distances of the kids events should be within the ranges as stated in the Triathlon Australia Race Competition Rules (TARCR) - Appendix E.

TERMS OF ONE DAY MEMBERSHIP FOR EVENT ORGANISERS

Enticer

Category Description

Enticer races are designed to attract first timers and newcomers to the sport. They are designed to be run in a welcoming and supportive environment and provide people with a fun and enjoyable introduction into the sport. The intent of these races is to create a learning environment and familiarise participants with the sport.

Distance Classification

- Maximum Swim of 400 metres
- A Cycle up to a distance of 15km
- A Run up to a distance of 4km

One of the cycle and Run may be up to 10% above these limits

Sprint Distance

Distance Classification

- Maximum Swim of 750 metres
- Cycle of between 10km and 20km
- Run of between 2km and 5km

One of the Cycle and Run may be up to 10% above these limits

Standard Distance

Distance Classification

- Swim of between 750 and 1500 metres
- Cycle of between 20km and 40km
- Run of between 5km and 10km

One of the Cycle and Run may be up to 10% above these limits

Long Distance

Distance Classification

- Swim of between 1500 and 2000 metres
- Cycle of between 40km and 90km
- Run of 10km and 21km

One of the cycle and Run may be up to 10% above these limits

TERMS OF ONE DAY MEMBERSHIP FOR EVENT ORGANISERS

Iron Distance

Distance Classification

- Swim over 2000 metres
- Cycle over 90km
- Run over 21km

Triathlon Distance Classification

	Total Swim	Total Bike	Total Run	Run Only	Swim Only
Kids	Appendix E TA RCR				
Enticer	400	15	4	<=5km	<1000m
Sprint	750	20	5	>5 & <=10	1001m to 2000m
Standard	1500	40	10	>10	Over 2000m
Long	2000	90	21		
Iron	>2000	>90	>21		

Duathlon & Paddle Distance Classification

	Total Run	Total Bike/ Paddle
Enticer	<=5km	<=10km
Sprint	<=7.5km	<=20km
Standard	<=15km	<=40km
Long	>15km	>40km
Iron	NA	NA

Aquathlon Distance Classification

	Total Swim	Total Run
Enticer	<=500m	<=2.5km
Sprint	500m to 750m	2.5km to 5km
Standard	>750m	>5km
Long	NA	NA
Iron	NA	NA

Please note: that the tolerance level applies across the run and cycle portion of all types of events.

Questions

If an event organiser is unclear as to what category their race falls into they should contact the National Events Manager at events@triathlon.org.au for a determination.
